Calling All Employers!

The Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996, 42 U.S.C. 653A and MS Codes § 43-19-46 and § 93-11-101, require that all employers with business operations in the state of Mississippi report all newly hired employees who live or work in Mississippi within fifteen (15) days of the employee’s first day on the job. State and federal laws require employers to report paid individuals regardless of whether the person is considered an employee by federal tax code standards. If you use a third-party vendor to report your new hires, please ensure that the vendor is reporting accurate information on your behalf to ensure compliance with these laws.

Employers play an essential role in helping Mississippi’s children receive the support they need. Many families who don’t receive financial support are often forced to depend on public assistance or live in poverty. By acting in accordance with the new hire reporting law, you will help children receive the support they deserve. Furthermore, new hire reporting reduces fraudulent unemployment insurance and workers’ compensation claims. Ultimately, new hire reporting is an easy, yet vital process, designed to help employers make a positive difference in their communities.

MULTISTATE REPORTING

If you are an employer with employees in more than one state, you are a multistate employer. Multistate employers have two options for reporting their new hires:

**Option #1** Report newly hired employees to the state in which they are working, following the new hire regulations of each state to which you will report. For more information on multistate reporting, visit [https://ocsp.acf.hhs.gov/csp/msr](https://ocsp.acf.hhs.gov/csp/msr).

**Option #2** Select one state where you have employees working and report all new hires to that state electronically. Visit [https://ms-newhire.com/](https://ms-newhire.com/) for more information on electronic reporting.

ELECTRONIC FUNDS TRANSFER (EFT)

The State of Mississippi is encouraging all employers and financial institutions to remit child support payments electronically via Electronic Funds Transfer (EFT). Remitting payments electronically is more efficient, accurate and helps children get the support they need more promptly. Please visit MDHS’ iPayOnline system for more information and instructions for remitting payments electronically: [https://ipayonline.mssdu.net/iPayOnline/](https://ipayonline.mssdu.net/iPayOnline/).

Employers play an essential role in helping Mississippi's children receive the support they deserve.
